

SBIRT Continuing Education

Course Overview

This FREE (ADD SOURCE OF CE) continuing education program is intended to:

- ∂ Provide an overview of the Screening, Brief Intervention, and Referral for Treatment (SBIRT) method .
- ∂ Describe how direct patient care is one of the most convenient points of contact for screening, counseling and referring at-risk patients to care.
- ∂ Provide an overview of Motivational Interviewing as a way of communicating with patients and families about reducing the risks of substance use.

The course provides health professionals with **up-to-date, relevant information about SBIRT** as well as supportive Motivational Interviewing techniques. The course provides health professionals with **communication strategies to assist patients** who wish to reduce their at-risk behaviors.

Target

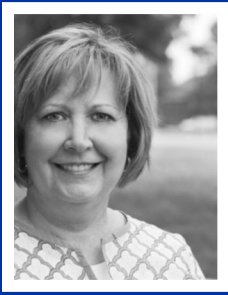

Audience

- ∂ Nurses
- ∂ Social Workers
- ∂ Psychologists
- ∂ Other Health Professionals

Convenient 1-hr. workshop. Registration closed.
